DATE MAILED:

**Please find below and/or attached an Office communication concerning this application or proceeding.**

**Commissioner for Patents**

The brief filed on 7 February 2008 is not legible. It appears to have been written in a color other than black. The claims filed after final on 28 August 2007 did not have this problem. See 37 CFR 1.52(a)(v).

Possible solution: One attorney has found that this problem occurs with Microsoft "Tracking" software, even when the color is set to "black". Material is printed in a shade of gray that the USPTO software does not read well. The problem was solved by setting the color to "Auto".
